## SUTTER CREEK

PRESS RELEASE

March 27, 2017

The Sutter Creek Police Department reminds the public that we are available to assist residents and neighborhoods in creating Neighborhood Watch groups.

Our nation was forged on the dedication and perseverance of our citizens. Regardless of where we live, we all benefit from being an informed and observant public. Neighborhood Watch groups partner with law enforcement to keep us safe, and help reduce victimization.

Sutter Creek Police Officers can help organize the group, and can come and talk at neighborhood meetings about public safety and crime prevention.

It is a great way to get to know your neighbors, help ensure the safety of the community, and to get involved in Sutter Creek.

If you are interested in creating a Neighborhood Watch group, or have any crime prevention questions, please feel free to contact Chief James O'Connell ([joconnell@cityofsuttercreek.org](mailto:joconnell@cityofsuttercreek.org)) or Officer Robert Harmon ([rharmon@cityofsuttercreek.org](mailto:rharmon@cityofsuttercreek.org)) at (209) 267-5646.
