

## MAIN ST. BRIDGE PROJECT

**We want to help make this process as easy as possible for everyone as we prepare for our exciting remodel of the Main Street Bridge!**

**Utilities relocation will begin this fall with little to no impact to Main Street businesses and traffic.**

**Construction should begin in the Spring of 2017. Every effort is being made to lessen the impact this project will have on our Main St. businesses and our community in general. Although scheduled events and peak visitor times will be taken into consideration during the street closure scheduling process, be prepared to be flexible.**

**We will continue to provide updated information regarding the progress of this project as soon as it is available. Info can also be found on our website: [www.cityofsuttercreek.org](http://www.cityofsuttercreek.org)**
