## **FIRE FUEL MITIGATION A FEW SIMPLE WAYS TO PROTECT YOUR HOME FROM FIRE**

#### Roof

- Install a fire resistant roof. Contact your local fire department for current roofing requirements.
- Remove dead leaves and needles from your roof and gutters.
- Cover your chimney outlet and stovepipe with a nonflammable screen of ½ inch or smaller mesh.

#### Landscape

- Create a **Defensible Space** of 100 feet around your home. It is required by law.
- Create a "**LEAN, CLEAN and GREEN ZONE**" by removing all flammable vegetation within 30 feet immediately surrounding your home.
- Create a "**REDUCED FUEL ZONE**". You have two options in this area:

**Create horizontal and vertical spacing between plants. The amount of space will depend on how steep your property is and the size of your plants.**

**Large trees do not have to be removed as long as all the plants beneath them are removed.**

- Remove lower tree branches at least six feet from the ground in un-landscaped areas.
- Landscape with fire resistant plants.
- Maintain all plants with regular water, and keep dead branches, leaves and needles removed.
- When clearing vegetation, use care when operating equipment such as lawnmowers. Once small spark may start a fire; a string trimmer is much safer.

#### Yard

- Stack woodpiles at least 30 feet from all structures and remove vegetation within 10 feet of woodpiles.
- Above ground Liquefied Petroleum Gas (LP-gas) containers (500 or less water gallons) shall be located a minimum of 10 feet with respect to buildings, public ways, and property lines of adjoining properties that can be built upon. – CFC 3804.3.
- Remove all stacks of construction materials, pine needles, leaves and other debris from your yard.
- Contact your local fire department to see if debris burning is allowed in your area; if so, obtain a burning permit and follow all local air quality

***Miners' Bend Dedication Ceremony  
The Sutter Creek Community Benefit  
Foundation is hosting free BBQ and  
refreshments, compliments of the Native  
Sons, on June 9<sup>th</sup> at 4:30 pm to celebrate the  
Grand Opening!!***
